Our A-Level results have improved year on year since 2015

Our student body is comprised of 32 different nationalities

I chose Chelsea because of the friendly environment, the teaching methods and the ranking place of the college. Furthermore, the location of the college is excellent, which made my time in London very pleasant.

The teaching staff are all very enthusiastic. It is easy to engage with the staff. After class they were always pleased and ready to offer their help.

**Enea Sharxhi, A-Level Student**
